

These contractors (listed alphabetically) have completed at least one rebate eligible project through EnergySmart since 2022. The total number of rebate eligible projects the contractor completed since 2022 is shown in the table below.

Residents are not limited to contractors on this list. If pursuing a centrally ducted air source heat pump, ground source heat pump residents should work with an [Xcel Energy](#) or [Efficiency Works](#) registered contractor. EnergySmart makes no representations or warranties regarding the accuracy of information, quality of service, or proof of insurance for any contractor on this list.
