

WILDFIRE PARTNERS PROGRAM PROCESS

1

Apply

Visit www.WildfirePartners.org to view eligibility criteria and to apply on-line. We will notify you by email if your application has been accepted.

2

Acceptance

If you are accepted into the program, you will be required to sign a waiver.

3

Scheduling

Once we have received the signed waiver, a Phone Advisor will reach out to you to schedule your on-site assessment, morning or afternoon, Monday through Saturday.

4

Assessment

A Wildfire Mitigation Specialist will perform the comprehensive assessment with your active participation. Assessments are highly valued educational exchanges. We ask that you set aside 2 hours for the appointment.

5

Mitigation

After your assessment, you will receive a customized report with annotated photos and your personal mitigation checklist. You may complete the mitigation measures listed in the report by yourself according to your own schedule or hire a forestry contractor.

6

Financial Award

To receive financial assistance, you must obtain a bid and select a Wildfire Partners Forestry Contractor. Standard awards are 50% of forestry work up to \$2,000. Need-based assistance is also available. However, all financial awards come with clear deadlines.

7

Final Inspection & Re-Certification

Schedule your final inspection by contacting a Phone Advisor when you have completed all "required" items on your mitigation checklist. Upon passing your inspection and completing a reporting form, you will receive your Wildfire Partners Certificate and a yard sign. Contact a Phone Advisor when you need to be re-certified.
